First Things In Kentucky.

The first woman to own a tract of land in Kentucky was Susannah Boone, who very early obtained a patent for a tract in Madison county.

The first marriage in Kentucky was that of Samuel Henderson to Elizabeth Calloway, Aug. 7, 1776. Their daughter, Fannie, born in 1777, was the first white child in the State, born of parents married in Kentucky.

The first plow manufactured was made by William Pogue at Harrodsburg in 1770. He also made his first loom, while his wife brought the first spinning wheel to the State and wove from the lint of nettles the first piece of linen manufactured, and from buffalo wool the first piece of linsey.

The first grist mill in the State run by water power, was perhaps, the one built by Capt. John McMurtry, near Shakertown, in Mercer county, in 1782.

The first paper mill in Kentucky was erected by Elijah Craig, near Georgetown, in 1792.

The first apple seeds were planted in Mercer county by members of the McAfee company in 1775. Dr. Walter and his companions planted the first peach seed and raised the first crop of corn cultivated by white men near Barboursville in 1750.

The first steamboat or model of one in the world was constructed by John Fitch at Lexington, in 1785.

The first railroad, about one mile in length, was built by James Van Meter in 1832. The cars were drawn by horses.

The first lawyer in Kentucky was John Williams, manager of the Transylvania Co.

The first Englishmen who visited Kentucky were those under the leadership of Col. Wood, who, in 1764, explored the northern boundary of the State.

The first Frenchmen to visit any portion of the State were a small band of fur trappers, who in 1673, traveled in canoes down the Mississippi as far as the mouth of the Arkansas.

The first white native American to visit Kentucky was John Salling, of Virginia, who in 1730, was carried as a prisoner through the State by the Indians.

The first white woman who ever saw Kentucky was Miss Ingel, who, in 1756, was carried a prisoner by the Indians to Big Bone, in Boone county.

The first Dutchmen to visit Kentucky were a small company who established the White Oak settlement in Madison county.

The first settlement of Frenchmen in the State was established at a point opposite the Scioto river in 1750.

The first house built by Englishmen was Dr. Walker's cabin on Cumberland river in 1750.

The first permanent English settlement was at Harrodsburg in 1775.

The first court in the State was held at Harrodsburg in 1774.

The first law for the establishment of public schools was passed in 1838.—Exchange.

A Disastrous Calamity.

It is a disastrous calamity, when you lose your health, because indigestion and constipation have sapped it away. Prompt relief can be had in Dr. King's New Life Pills. They build up your digestive organs, and cure headache, dizziness, colic, constipation, etc. Guaranteed at G. L. Penny's, Stanford, Lyne Bros., Crab Orchard; 25c.

PREACHERSVILLE.

Mrs. Dan Naylor, who has been sick, is some better. Mrs. Mollie Ledford is quite ill of pneumonia. Mrs. Jane Bell is at the Stanford infirmary to be treated for blindness.

Rev. Wm. Coldiron, who is teaching the Preachersville school, is giving perfect satisfaction and is liked by pupils as well as patrons. When this school term is ended he will have walked more than 600 miles. He has not missed being at his post on time although he has to cross Drake's creek where the stream is not bridged.

Wm. Curtis and family, of Walnut Flat, were guests of D. F. Thompson and wife, W. B. Bennett and family left Tuesday for Oklahoma. Our people regret to give such good citizens up. Rev. J. S. Ragan is with homefolks. J. B. Hutchins is teaching the remainder of Miss Bettie Bennett's school at Harmon's Lick.

The protracted meeting closed at the M. E. church Sunday night. There were no additions. Rev. Davidson preached some excellent sermons and is a noted evangelist, doing much missionary work in the mountains of Pulaski county. He is a member of the Soul Winner Society, which has a nice mission school at Mt. Victory, 17 miles from Somerset.

J. H. Baughman bought some cattle of John Horton at 32c, also a bunch of W. H. Cummins at same price. W. D. Elmore bought a sow and pigs of Geo. Spangler for \$21. D. F. Thompson sold 65 170-pound hogs at \$4.55. J. M. Cress has a month-old jack for which he refused \$250. J. L. Hutchins bought 12 400-pound hogs of P. E. Parrish at \$4.75, to be delivered the 15th. S. D. Carpenter sold a bunch of shoats to W. D. Elmore at 5c for Christmas delivery. F. F. Cummins sold a bunch of shoats to W. D. Elmore at \$4.30.

Hon. R. C. Warren's article in the issue of Oct. 27th gives an excellent exposition of affairs relative to our system of roads in the county. The turnpikes should be managed very differently from what they are now. When the pikes were owned and controlled by a corporation it was then we had well-kept roads and bridges which were regularly repaired and banistered. Not so now. Slowly but steadily our once famous pikes are returning to dirt roads. They are almost entirely without ditches. Overseers of dirt roads should be furnished with tools and timber for culverts. Lincoln county has as fine natural resources for road or pike repairing as any county in the State. We fail to see any reason why all right-thinking republicans and democrats should not heartily approve of the policy advocated by Mr. Warren.

KINGSVILLE.

The sick are improving.

Mrs. Dr. C. M. Thompson has a full line of fall millinery. She will go to the city soon and buy winter styles. Miss Lela Murphy has a nice line of millinery at Sarah Smith's, on Main street.

There will be services at the Christian church the 3rd Sunday in this month. A splendid Sunday school has been organized and much good is promised for the church this and the ensuing year.

The report is current that the "helper," or hill engine, is to be again put on here. It is for the purpose of helping heavy freight trains through the tunnel and is certainly very much needed.

A freight train ran into the water column here a few days since badly demolishing same. Mr. Pye, of Ludlow, was called and assisted by Mr. Wm. Lane, they soon had it repaired.

Mesdames Moppen and Skillman, of Paris and Winchester, respectively, have returned to their homes after a pleasant visit to Mr. and Mrs. G. T. Bradley, W. G. Wolf, our station agent, went to Nicholasville this week to register. Hon. Wm. S. Burch was here Tuesday and Wednesday electioneering. Messrs. T. J. Hill and W. L. McCarty were here Saturday talking election.

Messrs. Smith Baughman and Jesse Lynn, of Stanford, were here Monday. Tusco Waters is at home from Texas for a visit to his mother and sisters. Postmaster J. L. Johnson has returned from Hood River, Ore., and Holden, Mo., where he visited relatives.

Man's Unreasonableness

is often as great as woman's. But Thos. S. Austin, Mgr. of the "Republican," of Leavenworth, Ind., was not unreasonable, when he refused to allow the doctors to operate on his wife, for female trouble. "Instead," he says, "we concluded to try Electric Bitters. My wife was then so sick she could hardly leave her bed, and five physicians had failed to relieve her. After taking Electric Bitters, she was perfectly cured, and can now perform all her household duties." Guaranteed by G. L. Penny, Stanford, Lyne Bros., Crab Orchard; 25c.

The Shelby County Colonization Co., recently organized to secure a desirable class of foreigners to supplant colored labor, has settled 25 Swiss on a 300-acre tract of land purchased a mile west of Shelbyville. J. H. Maddox and Carl Hanser, of the company, are now in New York to secure a colony of 100 more Swiss and German emigrants.

When you want a pleasant phys-

BRONCHITIS.

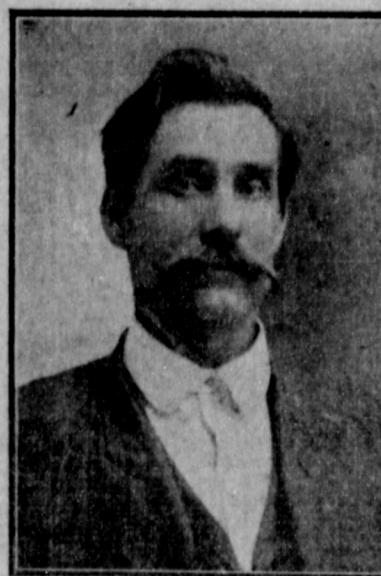

Penny's Drug Store Tells The People Quickest Means To Cure It.

Asked one day in their store the question: "What is good for bronchitis?" Mr. Penny, of Penny's Drug Store, answered: "For years old fashioned cod liver oil has been known to possess the most remarkable curative and healing properties for throat, bronchial and lung troubles of anything known to medicine, but on account of the grease which enveloped its curative principles, it has been impossible for many people to take enough of it into their systems to combat a thoroughly settled disease without clogging the system and upsetting the stomach.

"Now, however," continued Mr. Penny, "we have Vinol, which contains in a highly concentrated form all of the medical curative elements of cod liver oil actually taken from the fresh cod's livers, without a drop of oil or grease to upset the stomach and retard its work, and physicians agree that it is the greatest cure for all throat, bronchial and lung troubles known to medicine."

Miss Anna Ray writes us that after suffering for five years with bronchitis, and trying all kinds of medicines without relief, Vinol cured her, and we have hundreds of just such letters.

We wish every person suffering from chronic colds, coughs, bronchitis, and every aged, weak, or convalescent person who needs healing, strength-creating and blood-making tonic would try Vinol on our guarantee to return the purchase money if it fails. Penny's Drug Store.

To The Voters Of Waynesburg Magisterial District.

The democracy of this district have entrusted me with the nomination for the office of justice of the peace.

Economy toward tax payers and honesty toward every citizen, regardless of party affiliation, shall be my rule of conduct in the event of my election. The furnishing of tools by the county court for working dirt roads is a wise measure, and was first suggested by a democratic Legislature and enacted as a law by the same body.

As a member of the fiscal court, I would use every legitimate means which would not lead to extravagance and wastefulness of county revenues to place all dirt roads in the best possible condition; and in the administration of my office would oppose excessive taxation in every form.

OUR LAST APPEAL.

Before another issue of this paper is printed ballots will be falling into the boxes at the 12 voting precincts in this county and the INTERIOR JOURNAL desires a confidential talk with the democrats of Lincoln county right now. First place unless every democrat does his whole duty democratic success is far from certain. The republicans have a big campaign fund, we are reliably informed, and if they get that class of voters known as "floaters," and money can and does get them, Lincoln county will for its first time in history have a republican sheriff. It is no secret that Mr. Menefee, the ex-democrat nominated for sheriff by the republicans, is a strong man, a good campaigner and an indefatigable worker. He made a good race four years ago for the office he now seeks, and being older in republican ranks and in better fellowship with the party he has recently cast his lot, it is reasonable to believe that he will run a better one this time. It is true the majority against him last time ran up to 218, but for the sake of argument let us say that he is 100 votes stronger, when he is four years older in his adopted cause, and then what will the result be?—dangerously close. We believe as firmly as we believe anything that Mr. Hill will win, but we think the race will be close and that it will be necessary for every democratic voter to not only vote but see that his neighbors do likewise to "make Mr. Hill's calling and election sure." A partisan republican sheriff could and would break up the democratic organization in Lincoln county and as recent converts are always the most partisan, we might naturally expect Mr. Menefee to "raise heaven and earth" in his effort to destroy democracy and democratic enterprises. We can not afford to turn down a good democrat and man like Mr. Hill, whose fitness for the office is questioned by none, but on the contrary we can afford to take a day or so off and use our every effort to elect him by a majority so decisive that will cause his opponent to cease from troubling for a season at least.

In the race for Representative it looks to us as if Mr. Jesse M. Alverson is an easy winner, but that should not keep the democrats from working and voting for him. Nothing is absolutely certain except death and taxes, so take nothing for granted, but do all you can for the splendid young democrat, who can do more in a day for his constituency than Pedagogue Hubble, his republican opponent, could in a month of Sundays. Experience is a great advantage to members of the General Assembly, and Mr. Alverson will profit by his and will be able to make even a better record this time than last. Mr. Hubble is said to be a very clever young man but we can not believe he is of the stuff statesmen are made.

Mr. W. I. Herrin is about as certain to succeed himself as jailer as election day is to come, but he will appreciate your support just the same, for his pride makes him want to roll up as big a majority as possible against Peter Straub, whom the republicans pitted against him. That Mr. Herrin has made model jailer, not even his republican opponent will gainsay. Give him another term as an endorsement of his splendid record.

For State Senator the democrats nominated a splendid gentleman in Mr. R. L. Hubble, whose democracy is un-

questioned and who has done yeoman service for the party he loves. He is one of Lincoln county's best citizens and most extensive farmers and traders, a man of affairs and very level-headed one. He will carry Lincoln by a good majority but that alone would not elect him. In his district are three other counties, Boyle, Garrard and Casey. Let's show our appreciation of him as a man, democrat and citizen by giving him at least 400 majority. It ought not to be hard to do this against the kid-gloved autocrat from Boyle. Mr. Hubble's name is the first on the ballot. Mark in the CIRCLE just over it and under the rooster and your vote will be recorded for him as well as the rest of the democrats who are running in this county.

For magistrates, Lincoln county democrats nominated Messrs. J. A. Dudderar, in the Stanford district, W. M. Dudderar in the Hustonville district, D. J. Smith in the Crab Orchard district and D. R. Adams in the Waynesburg district. Vote for them. They are good men all of them and the county's affairs will be safe in their hands.

Messrs. R. C. Warren for judge, Garland Singleton for school superintendent, W. A. Carson for assessor, George B. Cooper for clerk, and W. S. Burch for attorney, are given no opposition by the republicans but you should vote for them just the same, thus showing your appreciation for them as nominees, democrats and citizens.

As a last appeal let us insist that every democrat in Lincoln county go to his respective precinct next Tuesday, Nov. 7th, and vote the straight democratic ticket by stamping in THE CIRCLE UNDER THE ROOSTER. Do this and you will have spent the day well and profitably, and will feel better for it in after years.

A DENVER jury has decided that it is not libel to associate the name and photograph of a life insurance genius with those of notorious burglars. This is tough on the burglars, many of whom are too honorable to make a business of robbing widows and children.

I feel that this bottle of Pain Balm saved me several days' time, to say nothing of the suffering." This liniment is for sale by all druggists.

New Fall and Winter Millinery just received, consisting of Gauze Hats, with several other leading makes and styles. The ladies of this section are cordially invited to call and see them.

IT IS YOUR MOVE!

Don't procrastinate for you know the game well enough to realize there is nothing to be gained by waiting. You have no idea (unless you are in touch with the market) of the enormous advance in Leather, Cotton and Woolen goods. We made a good move when we purchased, three months ago, our large stock at low water mark prices and marked them accordingly. Now it is your time to move as we are right at your door with a good force of salespeople to wait on you and the largest stock of goods ever shown in this section. See our Cloaks, Suits, Skirts, Waists, Underwear, Blankets, Shoes, Dress Goods, Comforts, Carpets, Rugs. In fact, everything in stylish and comfortable winter goods. Yours will be a good move if you come now.

FROM the amount of whisky being sent from this county to Rockcastle a gay old time may be expected there election day. Some 50 or more two-gallon jugs went Wednesday and yesterday another big lot left here.

THERE are five Thursdays in this month and a dispute has arisen as to which one should be Thanksgiving day—the 23d or the 30th. Suppose we settle it by having both. We can not give thanks too often or too much for the great blessings we enjoy as a nation and as individuals.

A LITTLE son of Mrs. Belle Maret, of Elizabethtown, died of heart trouble and the remains were brought here and interred in Buffalo cemetery yesterday afternoon. Deceased was a grandson of Mrs. Elizabeth Lewis, formerly of the McKinney section.

THE usual Hallowe'en pranks were played Tuesday night and movable signs, boxes and gates were placed in unlooked for places. The boys imagined they had a good time but when the trees creep on them they will wonder how they worked themselves up to the pitch to do such foolish things.

HAD the "Republican" who sent us a good political letter from Casey signed his name he would have read his clever effort in to-day's paper. Again we will state that under no circumstances will we print anonymous communications. We must know whose writing we are printing before we give it space.

BEUNA VISTA COMPTON, the holy terror of Moreland and Milledgeville, our neighboring villages, still runs at large, though sought for by bloodhounds, officers, public and private, Pinkerton sleuths, etc., says Dr. Ed Alcorn in the Danville Advocate. Beuna lives on the fat of the land, rides the freight trains and sleeps in the woods. He has been twice in Frankfort, yet not 20 years of age. HILL, Alverson, Herrin and Hubble seem to be the target of the republicans, which means, we suppose, that their democracy is too good. A good reason why all democrats should give them hearty support.

IN a personal letter from Mr. R. E. Gaines, at Hulen, O. T., he says: "Cotton picking is progressing slowly. Have out 23 bales. Crop not very good. Will get through about Christmas. Is worth about 10c. Corn is worth 22 to 25c per bushel here."

ALL parties having valid claims against the estate of the late Geo. W. Evans are notified to present them to me, properly proven, at Hedgeville, Boyle county, Ky., by November 15th, 1905, James H. Hutchings, Executor of Geo. W. Evans.

May God bless them all and lead them through this life that at last we may all be gathered around God's throne in heaven, is our prayer. Ollie Spratt and family.

He was president of the Burnside Banking Co., proprietor of the Taylor Poultry and Produce Co., of Burnside and Somerset, and also a director and principal stockholder of the Cumberland Grocery Company, of Burnside and Somerset. Mr. Taylor was about 50 years old and leaves a family.

ON account of a rush of work the Lancaster Record could not print its city ballots and the job was given us. Mr. Ed Bishop is the only candidate for mayor, but there are three candidates for police judge: D. W. C. Armstrong, G. B. Swinebroad and A. T. Anderson. There are two tickets for councilmen. UNDER a picture of the gentleman the Danville News says: "Prof. Jos. W. Ireland, who has been visiting Danville friends for a few days, is making a fine record as principal of the Stanford Graded School. Under his principalship the enrollment of the institution has reached the high water mark, the present attendance being the largest in the history of the school. The enrollment has almost reached 300 pupils and that will doubtless be passed later in the year. Prof. Ireland has seven assistant teachers, among whom is an art teacher and a music teacher. He is a graduate of Centre College and had some years' experience as a teacher in the Harrodsburg Academy and is in every way splendidly equipped for the important position.

IN MEMORIAM.

In memory of Bettie Spratt, who died
at the home of her brother in Lincoln
county on Oct. 1st, aged 21 years. She
had been an invalid for the last year,
during which time her young life slowly
but surely ebbed away. All that
tender, loving hands could do and hearts
desire was done. First to stay and
then to alleviate the attack of the dread
disease, which had claimed her for its
victim. Hers was a sad death in that
she was taken away in the early days
of her matured womanhood. Her sun
went down while it was yet day, yet
her death was a happy one in that she
died the death of the righteous. Calmly
and bravely she met the messenger
of death. As her poor shattered body
grew weaker, seemingly, her spirit
grew stronger, but towards the close of
her life her suffering became so intense
that all who knew and loved the dear
girl could but rejoice when the spirit
was freed from its prison house of pain.

Just beyond in realm of glory,
In that city out of sight.

In that home where is no sorrow,
Where the Savior is the light.

She has gone to be with Jesus,
Left the pain she sweetly bore,

And she waits to give us welcome
On that happy Canaan's shore,

But how sadly do we miss thee,

And how often for thee sigh,
But we hope soon to greet thee
Some sweet day, bye bye.

No Poison in Chamberlain's
Cough Remedy.

From Napier New Zealand, Herald:
Two years ago the Pharmacy Board of New South Wales, Australia, had an analysis made of all the cough medicines that were sold in that market. Out of the entire list they found only one that they declared was entirely free from all poisons. This exception was Chamberlain's Cough Remedy, made by the Chamberlain Medicine Company, Des Moines, Iowa, U. S. A. The absence of all narcotics makes this remedy the safest and best that can be had; and it is with a feeling of security that any mother can give it to her little ones. Chamberlain's Cough Remedy is especially recommended by its makers for coughs, colds, croup and whooping cough. When taken in time it prevents pneumonia. This remedy is for sale by all druggists.

A quart bottle of whisky was placed
in the out-stretched hand on the statue
of Gen. John C. Breckinridge, which
adorns the public square, at Lexington,
and although the sight has been seen
by hundreds, none have volunteered to
remove the bottle. The act was the
work of some Hallowe'en pranksters, and
has caused much indignation.

The Exact Thing Required for
Constipation.

"As a certain purgative and stomach
purifier Chamberlain's Stomach and
Liver Tablets seem to be the exact
thing required, strong enough for the
most robust, yet mild enough and safe
for children and without that terrible
gripping so common to most purgatives,"
say R. S. Webster & Co., Udoa,
Ontario, Canada. For sale by all
druggists.

Son Lost Mother.

"Consumption runs in our family,
and through it I lost my mother,"
writes E. B. Reid, of Harmony, Me.
"For the past five years, however, on
the slightest sign of a Cough or Cold,
I have taken Dr. King's New Discovery
for Consumption, which has
saved me from serious lung trouble."
His mother's death was a sad loss for
Mr. Reid, but he learned that lung
trouble must not be neglected, and
how to cure it. Quickest relief and
cure for coughs and colds. Price 50c
and \$1.00; guaranteed at G. L. Penny's
Stanford, Lyne Bros., Crab Orchard.

The Salvation Army industry in waste
paper provides some astonishing figures.
Every morning horse vans, men
with hand trucks, and men with bags
go the round of the London business
premises and collect the accumulation
of paper and rubbish of all sorts. It is
taken to the army's settlement, where
the unskilled workers are set to sorting
it. The waste paper so collected is
sorted into no fewer than 52 different
classes. Last year the army collected
7,035 tons of waste paper, obtaining
it at a sum well over \$50,000.
